S. M. County Day Plans To Be Made

Further plans for San Mateo County Day at the Golden Gate International Exposition June 11 will be made Friday night, Apr. 12, at San Mateo City Hall, George J. Davis, chairman, announced here.

Organizations with costumed drill teams or marching units should report the number in their units who will participate in the activity so that passes may be requested, Davis said.

He asked all organizations in the county to have representatives at the session.

Jose Roza, 83, Pioneer Resident Of R. C., Passes

Jose Roza, well-known Redwood City resident for 40 years and founder of a lodge which now has chapters throughout the West, passed away Saturday night at his home, 703 Winslow St., Redwood City. He was 83 years of age.

Mr. Roza, who retired last July when the building at Broadway and Arguello St. in which he had conducted a cafe and barroom for 38 years was razed to make way for a new store, had been in poor health for more than a year, since suffering a stroke, but had been able recently to be about town; in fact, had been for a walk the day of his death. He succumbed about 9 o'clock, of a heart attack.

Mr. Roza's wife, Mary A. Roza, is one of the state's oldest natives, having been born in San Leandro 82 years ago. The couple had been married for 54 years. They have two children, Joe Roza, special policeman for the Redwood City force, and Frank Roza, an employe of the Pacific Gas and Electric Co. Both live in Redwood City.

A native of the Azores Islands, Mr. Roza emigrated to the United States when a boy of 14. After living in Half Moon Bay for two years, he moved to Santa Clara, where he lived for nearly five years before coming to Redwood City. It was while he was in Santa Clara that Mr. Roza founded Conselho 1, S.E.C., a Portuguese benevolent society, on Jan. 17, 1896. Now the organization has chapters throughout the West.

In Redwood City Mr. Roza belonged to Court Madrone 158, Foresters of America. He also held membership in Santa Clara 28, UPEC, a Portuguese order.

FREE POSTAL CARDS OFFERED

Ginger Rogers has built up an ideal in Fred Astaire, imagining him a star performer in the Broadway production of "The Henpecks." She visits the show and is stunned to find that he only plays a slapstick stooge to Lew Fields. Going backstage, she taunts him for wasting his talents, pulls off his putty nose and flings it at him. It is a dramatic moment in RKO Radio's lavish musical, "The Story of Vernon and Irene Castle," Fred and Ginger being starred in the name roles. This is the top feature on the Fox Sequoia Theater screen on Sunday, Monday and Tuesday. Adolphe Menjou in "King of the Turf" will be the other feature.

Fire Chief Issues Warning on Blazes

WOODSIDE, May 1—With the 1939 fire season at hand, and with the hazard greater this year because of the dry season, Fire Chief John Volpiano today issued a warning that permits must be secured before any burning can be done in this district.

Permits may be secured at the Portola Fire Station or the Woodside station.

Volpiano said that debris should be burned immediately in order to lessen danger of conflagration in dry grass areas.

No permits for picnic or camp fires will be issued except for use in designated picnic grounds where there is capable supervision. Residents planning fires on their own property should notify the fire department of their intention, so that undue alarm may not be caused from the appearance of smoke from such fires.

Motorists should not throw burning matches or cigarettes or other objects from automobiles.

Hubbard's riding stock has been seen in the annual Pet Parade in Redwood City, and his ranch is well known to riding and outdoor enthusiasts on the Peninsula.

Chinese Musicians Needed for Drama

A frantic search was on at the Sequoia High School this week for a Chinese orchestra — or, if worse comes to worse, a group of students who are talented enough to play Chinese music.

It seems a Chinese musical background is necessary to achieve proper effect in "Lady Precious Stream," the Chinese play which will be produced by the Sequoia Players Friday evening, May 12, at the auditorium, according to Director Claude E. Van Patten.

Musical score and arrangements for the play, which has been adapted by a former Chinese Princeton student, H. L. Hsiung, has been obtained from the University of San Francisco, whose players produced it last Fall.

VFW Honors Late Members

Memory of deceased members of Corp. James Lindsay Wilson Post, Veterans of Foreign Wars (Redwood City), will be honored when the eighth district, VFW, dedicates a memorial plaque at the Veterans' Hall, Warren and Standish Sts., next Sunday at 10:30 a.m., according to an announcement made today by C. H. Heald, senior vice commander of the district.

Veterans from San Mateo, Santa Clara and other counties will be present for the dedication and for a district meeting to be held here Sunday.

Joseph Dalla Vall Dies at R. C. Home

Joseph Dalla Vall, retired U. S. Army steam engineer, died at his home, 545 Lincoln Ave., Redwood City, Monday after a week's illness.

Dalla Vall was the husband of Eugenia Dalla Vall, and brother-in-law of Bert Pagnini. He was a native of Italy and 56 years of age.

The University of Alaska has an enrollment of over 1000.

Safe-Driving Pins Given Delivery Men

Twenty-five drivers of the Burlingame branch of the Borden Dairy Delivery Co. have been presented with safe driving awards by Captain Cassel of the highway patrol, E. J. Cox, manager, announced.

The following drivers were presented with six-year award certificates for driving over a period of six years without an accident: Rodney Bays, Jack Flaherty, Randall Gorman, Roy Gunzenhauser, Alex Portnoff, Albert Spring and Frank English. Albert Weimers was presented with a five-year pin. Frank Clazie received a four-year certificate. Three-year pins were awarded to Don Kreiss, Joseph Bondi, William Edwards, George Miehle and Carl Metz. A two- year certificate was received by Harold Sellick. One-year pins were presented to Neville Hart, Willard Hass, Albert Meyers, Russell Parks, William Richter, Leonard Teter, Walter Vincent, Jack Vyse, Jean Beyler and Albert Herminghaus.

Caroline S. Burns Dies After Illness

Death claimed Mrs. Caroline arah Burns early Wednesday at her home, 552 Roosevelt Ave., Redwood City, after an illness of four months' duration. She had resided in Redwood City for four years.

She is survived by her husband, Michael Burns, five children, Mrs. Dorothy Gersh, Mrs. Phyllis Steil, Mrs. Mildred Hawkins, and Roy Milton Brooks, all of San Francisco, and Wallace P. Brooks of Redwood City; seven grandchildren, Phyllis, Wallace and Robert Brooks of Redwood City; Dolly Gersh, Wallace Steil, James, Letitia, and Mildred Hawkins of San Francisco; two sisters, Mrs. Lavene McFarlane, Chicago, and Mrs. Claire Uzick, San Francisco; and a brother, William Seeley of Petaluma.

The 16th decennial census of the United States will be taken in 1940.

Radio telephones are widely used by miners and ranchers in remote parts of Alaska.

Sound Network Slated at Fair

Shades of Long John Silver — Treasure Island was never like this! Stevenson's tale of adventure had no place for a sound re-enforcement system powerful enough to blanket the island with a volume of sound greater than that of 30 of the world's largest symphony orchestras all playing fortissimo, nor is there any mention of a radio broadcast studio and control system capable of handling a dozen major programs at once!

Such a complex and extensive sound network is now being installed on Treasure Island, site of the Golden Gate Exposition, by RCA Victor engineers, working with the Leo J. Meyberg Co., RCA Victor distributors, to entertain thousands of visitors. This system will carry the tales of present-day adventure on Treasure Island around the world!

The vast sound re-enforcement system utilizes a battery of 60 powerful high-fidelity loudspeakers of a type designed for use on the exposition grounds. The order for the speakers is the largest single order ever placed for that type of equipment.

Mounted in 36 locations, they will deliver 3000 watts of audio power to fill the island with theme music, and to make announcements and redistribute important programs. Designed by RCA's sound engineers, the speakers develop unusual power, yet are so designed that they will reproduce the faintest whisper or the mightiest crescendo without loss of shading or beauty of tone.

The sound system is but half of the elaborate installation being made by the RCA Manufacturing Co. and the Leo J. Meyberg Co. under a contract let by the exposition. The balance is the immense radio broadcast control center being built at the half-million dollar State of California Broadcast and Auditorium Building.

Burglar Gets $20 From Oil Station

Slightly more than $20 in cash was taken from the Associated Oil service station at El Camino Real and Hopkins Ave. early Wednesday, police reported.

The thief broke a window in the rear of the station to gain entry. A bystander saw a mysterious person leaving the vicinity and notified police. No description was obtained, police said.

MENLO PARK NEWS NOTES

FUND DRIVE ENDS SOON

MENLO PARK, May 5.—The drive for funds to erect the gymnasium at St. Joseph's School will end shortly. At a meeting held in the Hall of the Nativity Sunday after the 11 o'clock mass a goodly sum was subscribed running the total to $6000, leaving a balance of $2000 to be collected. Plans and specifications are being prepared so that work will begin shortly on the structure. It will be known as the "Mother Foley Gymnasium," in honor of the good sister who has spent her life and energies in the splendid cause of the training of youth.

The past presidents of the Native Daughters' parlors of the county enjoyed a banquet in Redwood City last evening to observe the fifth anniversary of the organization. Many from Menlo Park attended. Eleanor Foley of South Francisco is president.

Miss Victorine Boetto was appointed at the last meeting of Menlo Parlor, Native Daughters of the Golden West, a delegate to the Grand Parlor that meets in San Francisco in June. The first delegate from the local parlor 23 years ago was Mrs. Frank Derry, who is now treasurer of the local organization.

Mrs. P. P. Eyre moved from her Winter home in San Francisco to her Atherton estate. Mrs. Eyre will entertain a few friends from the East this Summer. Her daughter will be guest at the beautiful home often during the season.

Mr. and Mrs. Bonelli of Oakland have gone to New York to reside permanently. Mr. Bonelli is an aviator and goes East to engage in that line of endeavor. His wife is the former Frances Casey, a member of an old pioneer family of Menlo Park.

Miss Agnes Mason, who has been quite ill some time, is convalescing now and is able to be out. This will be good news to her many friends in Menlo Park.

Fred Paris has purchased the Mayfield property adjoining his home on Mills Ave. The holding was formerly owned by William Flannigan.

James Doherty is temporarily filling a clerkship in the local post office. He is taking the place of Joseph Sullivan, who is on a leave of absence. Mr. Doherty has substituted in the office off and on for some time. Mr. Doherty is an efficient clerk.

W. T. Casey, the well known Ike Walton, returned from Monterey last Tuesday with a full limit of trout, ranging in size from 12 to 18 inches. Casey is rated the most expert fisherman in the county.

W. J. Belcourt of Menlo Park was united in marriage this week to Nettie Sepulveda of San Francisco. The couple will reside in Menlo Park. Mr. Belcourt was at one time a member of the Menlo Park Police Department.

Mr. and Mrs. Joseph Branco spent a few hours with relatives in Menlo Park en route to their new home in Monterey. Instead of a June wedding as planned, Miss Mary Thomas, formerly of Menlo Park, and Mr. Branco of Monterey motored to Reno and were married a week ago Sunday. They spent their honeymoon in Boulder Dam and Oregon. Miss Thomas wore a white mouseline de soie afternoon frock for her wedding dress. White velvet ribbon laced the bodice which was made with short puffed sleeves and topped by a bouffant skirt. The bride wore a small white hat and a corsage of orchids.

The bride is a niece of Mrs. W. H. Weeden and a cousin of Isabelle Weeden Linquist. She is the daughter of the late Mr. and Mrs. C. E. Thomas. Before moving to Monterey she made her home in Menlo Park and Palo Alto. She graduated from Pacific Grove High School in 1933 and from Fresno State in 1936. Since then she has been secretary to Walter Snook, contractor of Monterey and Felton Gables. Mr. Branco, son of Mr. and Mrs. Anthony Branco of Merced, is a graduate of the College of the Pacific. He is manager of the Purity Stores in Monterey.

The local Boy Scout troop will give a card party in Central School auditorium tonight at 8:15. Score cards are 25c.

A daughter was born this week to Mr. and Mrs. Walter Johnson. Mrs. Johnson will be remembered as the attractive daughter of Mr. and Mrs. Loren Ross.

Deaconness Margaret, who is in charge of St. Albans Mission in Yerington, Nevada, visited relatives briefly on a hurried trip through Menlo Park en route to the Episcopal Synod in San Jose.

Probation Given Station Burglar

Wilson McFarland, 20-year-old San Mateo youth charged with two counts of burglary, was admitted to probation for two years Monday by Judge A. R. Cotton on condition he serve 90 days in the county jail. He was given credit for 31 days already served.

McFarland and Melvin Ormes of Redwood City were arrested Mar. 31 on charges of entering a Burlingame service station and stealing cigarettes, and taking tools valued at $1000 from the Macco Construction Co. in South San Francisco.

The case against Ormes has not been tried.

Franklin Duffey, San Francisco, was sentenced to 60 days in jail as a condition to two years' probation on a check charge. Judge Cotton ruled Duffey must make restitution before he is released. He was accused of passing checks of the J. E. French Co. and Don Lee Inc. in Burlingame.

Home demonstration workers said the outlook in 1939 for higher prices for ready-made garments caused many farm women to renew interest in home sewing.

New Oil Made By Associated

Modern engineering developments and radical changes in automobile engines which today are providing lesser clearances between moving parts have provided a real challenge to motor oils to keep pace. This challenge has been successfully met and answered, according to P. E. Allan, domestic sales manager of Tide Water Associated Oil Co., with the introduction to western motorists of the new Tydol motor oil.

"Automotive engineers have long recognized the need for a motor oil which would afford more complete protection to moving parts at all times," Allan stated. "Laboratory tests, followed in turn by exhaustive road tests under all operating conditions, marked the successive stages of development of new Tydol. As a result, the new Tydol, now available to motorists of the West, assures more complete protection to all moving parts of modern automobile engines than any oil previously developed."

In the manufacture of Tydol motor oil, Associated has introduced a distinct advance in the field of lubrication. Tydol is a combination of lubricating fractions of premium Pennsylvania crudes, together with selected California crudes which have been solvent-refined, the former in greater proportion. To these have been added a small percentage of chemical ingredients which serve to give the new Tydol distinguishing characteristics.

The presence of a chemical ingredient causes Tydol to adhere to polished metal surfaces, thus resulting in lower wear in modern motors.

The adhering qualities of this oil film likewise makes for easier starting in addition to eliminating possibility of metal-to-metal contact during starting.

Tire Firm Locates New Branch in R. C.

Second branch store of a five-year-old San Francisco retail new and used tire business has been located in Redwood City. The business, which is known as the California Tire Co., will be operated by Harry Feldman, 937 James St., and will be located at 2599 El Camino Feal, five blocks south of Five Points.

Feldman, co-partner in the business, claims the largest stock of used tires on the Peninsula. Newest in retreading and recapping machines have been installed, and several brands of new tires will be handled.

A. L. Williams, formerly of the San Francisco plant, will be employed here, Feldman said.

Thomas M. Canvin Is Taken by Death

Thomas Millard Canvin, stockroom foreman at Pacific Portland Cement Co., died Wednesday at his home, 244 Fulton St., Redwood City, after an illness of six months. Mr. Canvin, a native of Sutter Creek, Calif., had lived in Redwood City for 15 years. He was a member of Redwood City Post 105, American Legion.

Mr. Canvin leaves a wife, Mrs. Edith Marie Canvin; three daughters, Doris May, Norma and June Canvin; a sister, Mrs. Manila R. Schoefer of Sacramento; and four brothers, Louis H. Canvin of Redwood City, Andrew H. Canvin of San Francisco, George D. Canvin of Sacramento and Erving P. Canvin of Sutter Creek.

PERMIT FOR BUNGALOW COURT IN CENTRAL PARK IS DENIED

Over protest of Councilman William Hohn, who later relented, the city council voted Monday night to deny Thomas A. Nelson a permit to erect a bungalow court on Hudson St. near Katherine in Central Park, the section of Redwood City which is now being rezoned from second to first class residential district to prevent the building of other than single family dwellings.

The action came after City Atty. Albert Mansfield had ruled that such denial would be lawful.

"I am of the opinion," Mansfield stated in a written ruling, "that if the council intends to rezone this property . . . it may lawfully refuse to issue any permits for construction which would be in violation of the amended ordinance when passed."

The attorney added that even had a building been started, "unless there is a considerable amount of work already done, the work could be stopped and the property rezoned." He did not define what was meant by "considerable amount."

Nelson had appeared before the council last week asking a permit for the $14,500 venture. He pointed out last night that he had bought the property, had plans drawn, and secured FHA financing already on the verbal assurance of city officials that he could build that type of dwelling at that location.

However, just before the matter came up, City Clerk B. E. Myers had read a letter from A. H. Morgan Jr., president of the newly-formed Central Park Improvement Club, urging the council to speed the rezoning. A public hearing on the rezoning proposal is set for next Monday at 8 p.m. before the city planning commission.

All councilmen except Mr. Hohn voted in favor of a motion finally made by Paul A. McCarthy and seconded by Evans A. Fletcher to deny the permit. Hohn reasoned that the matter should come before the planners first. Both McCarthy, an attorney, and City Attorney Mansfield held that the council had jurisdiction, so the matter came to a vote.

Hohn was beligerent, however.

"I don't want to sit here as a dummy on the council," he exploded. "I was elected by the people and I'm going to do my duty as I see it."

He voted "No," but immediately afterward, when the six other councilmen had voted "Yes," asked permission to change his vote to the affirmative. It was granted.

Previously, Atty. Cuthbert B. Currie, representing a client who had sought permission to build another court on King St., withdrew his request.

Wrongfully Jailed Pair Plan No Suits

Rumors that D. W. Williams and Joseph M. Jayne, former officials of the Hampton Lumber Co. in San Carlos planned to sue San Mateo County authorities for false arrest were denied Monday by their attorneys.

Williams and Jayne were held in the county jail for 25 days on a charge of issuing fictitious payroll checks. The charge was dismissed on motion of Dep. Dist. Atty. Burress Karmel in Judge Hugh F. Mullin's court Friday.

According to Roscoe Jordan, attorney for Jayne, and Walker Peddicord, attorney for Williams, neither man has any intention of seeking recourse for wrongful imprisonment.

Karmel explained that the check complaint was dropped because his office did not have time to make the type of financial investigation required.

Event Recalls Early Industry

Finis is to be written to one of San Mateo County's oldest industries next week when workmen begin tearing down the old Morgan Oyster Co. plant that for the past 65 years has been a landmark and navigation point in Bay waters off the Peninsula shores.

Located a mile off shore opposite Millbrae, the old two-store building has long been thought of by many as a duck club.

But although it has been deserted since 1930, the old building was once the center of a thriving industry, one of the earliest in the county and one that rivaled dairying for importance in the early days.

Conducted exclusively by men of Scandinavian descent, the oyster industry brought hundreds of blond and husky Norwegians and Swedes to the Peninsula as residents, and they were a familiar sight, particularly in Millbrae, where old-timers will remember that the oyster men used to come for their mail.

The Morgan Co.'s abandoned plant, now owned by the Pacific Portland Cement Co. at Redwood City, has been turned over for demolition to three Redwood City residents, Irving (Ike) Stage, Leonard Dalve and Harold Stevens. They will do the wrecking work on weekends, working with barges.

Built by Scandinavian ship carpenters, the structure is put together with characteristic square cut nails and is of redwood lumber throughout, many of the timbers being spars 30-feet long.

PROSPEROUS INDUSTRY

Once a prosperous industry, oyster raising faded around 1910, when beach pollution from San Francisco Bay wastes created a serious problem.

The seeds used in the oyster raising were brought from Japan and from sea coast sections all over the United States, as may be evidenced by oyster crates now on hand at the Redwood City Pacific Portland plant and showing stenciling of addresses from all over the world.

The building, with its familiar windmill, is now considered a menace to aerial navigation, particularly if big Clipper ships ever take off from near Mills Field, where a seaplane base is in process of construction.

A new tower-like structure will be built at Stanford University to house the Hoover war library.

Georgia's 1938 peanut crop averaged 800 pounds an acre, an increase of 60 pounds over 1937.

'Gayway Law Review' Set for Law Banquet

STANFORD UNIVERSITY, May 1—Trustees of the university will be guests of honor at the annual banquet of the Stanford Law Society Friday night at 6:30 o'clock in the Colonial Room of the St. Francis Hotel, San Francisco. In a bid for popular approval, the committee in charge promises "no speeches and no business meeting."

Reservations may be made for $2.50 with Black, 1421 Mills Tower, San Francisco. The price covers the banquet and show.

Master Health Map Of County Planned

Plans for a master health map of San Mateo County which will depict all areas inadequately served by sanity facilities, water service, or garbage removal, were being made today by Planning Adviser Ronald Campbell following a meeting of the county board of health and welfare Tuesday night.

The board recommended that the map, originally advocated by Health Director C. C. Gans early last year, be prepared jointly by the health department and planning commission. The recommendation was to be forwarded to County Executive Frederick Peterson. If he approves, Campbell said, the technical staffs of the two departments will start work at once.

The map, he said, will show all areas where water supply is polluted, where sewerage is inadequate, where water sheds are in danger of contamination, and where garbage disposal is unsatisfactory. The map will be accompanied by a factual report.

It was expected that the forest service, agricultural commissioner, and engineer would be asked to cooperate in gathering data.

The first bicycle with a rotory crank was built in 1866 by Pierre Illemont, who rode the machine from Ansonia, Conn., to New Haven.

Five Medals To Be Given

Entries in the poppy poster contest sponsored by American Legion Auxiliary Unit 105 in Redwood City schools were judged Monday night and the following winners announced:

In fourth, fifth and sixth grade group: First, Philip Chew, 15, Central School, son of Mr. and Mrs. George Chew, 2098 Broadway; second, Albert Gong, 14, Central School, son of Mr. and Mrs. Yuey Gong, 422 Maple St.; third, Clarence Brown, 11, Washington School, son of Mr. and Mrs. A. Brown, 196 Sequoia Ave. Honorable mention was given to June Harrell, 12, Lincoln School, daughter of Mr. and Mrs. Guy Harrell, 1519 Hopkins and Teru Tamura, 12, McKinley School, daughter of Mr. and Mrs. Saburo Tamura, Stafford St.

In seventh and eighth grade group: First, Shirley Galvin, 12, McKinley School, daughter of Mr. and Mrs. Jack Galvin, 215 Oakdale; second, Benjamin Esposito, Mt. Carmel Parochial School, 14-year-old son of Mr. and Mrs. Benjamin Esposito, 335 Fulton St.

GRAND PRIZE

Philip Chew, winner of the under-sixth grade first prize, was also declared winner of the grand prize, his poster being considered best by the judges, Mrs. Kenneth L. Bowen, Judge Edward I. McAuliffe, and Wesley Locker, who met at the home of Mrs. Floyd D. Granger, unit poppy chairman. Judging was based on: Appeal force with which the poster drives home the poppy message), 50 points; artistic ability, 15 points; originality, 25 points; neatness, 10 points.

Medals will be presented to the winners later on at school ceremonies.

The winning posters are to be displayed in the window of the City Title Co. on Broadway just off Arguello.

SALE SET MAY 26-27

The contest is held annually in conjunction with the sale of paper poppies made by disabled uncompensated veterans at the Palo Alto Veterans Facility, under the direction of the Redwood City unit of the American Legion Auxiliary. On May 26 and 27 members of the unit will offer the little paper flowers to the citizens of Redwood City, will be asked to wear them in honor of the war dead and to aid those who sacrificed health and strength in the World War, their families and the dependents of those who died.

The local poppy workers will be part of an army of more than 100,000 women who will contribute their time to this cause, all profits from the sale going to the rehabilitation and child welfare funds of the organization.

Softball officials estimate attendance at games during 1938 at 100,000,000.

The throne chair of Napoleon is preserved in a San Francisco museum.

Second Victim Of Traffic Crash Dies of Injuries

The mounting death toll from San Mateo County traffic accidents rose once more—to 23 for the year as compared with 16 at this time last year—over the weekend although there were no serious accidents in the county.

Harry Osche, 20, San Francisco, died Sunday in Villa Hospital, Colma, from a fractured skull incurred in a terrific crash on Alemeny Blvd. and Junipero Serra Blvd. at Daly City a week ago. In that same wreck Mrs. Cecilia Bremberg, 70, San Francisco, was killed. Osche's burial will be at San Francisco.

The Dominion of Canada supplied about 50 per cent of the asbestos imports of Belgium, which is its fourth best market for the product.

JUNIOR MARINERS TO OPERATE CLUBHOUSE AT R. C. YACHT HARBOR

Operation of the clubhouse at the Redwood City Yacht Harbor has been turned over to Capt. L. F. Bosshardt's Junior Mariner Class by the Board of Port Commissioners of Redwood City, he disclosed Wednesday.

J. E. Cameron, who had been caretaker at the harbor for a number of years and operator of the food concession there, has taken a similar position at a new harbor and boat rental concession developed in Marin County by Dr. John H. Brunings of Atherton.

The young mariners, who study seamanship under Captain Bosshardt, are planning to improve appearance of the clubhouse and name it "The Seven Seas." They will operate the food concession under direction of John Mackenhausen of Redwood City, one of the student seamen.

The lower floor of the 2-story building will be made into a clubhouse which the public may use while visiting the harbor. Sleeping quarters have been removed from the building to provide more room.

All profits will go to the class, which has been organized to teach youths the elements of seamanship to prepare them for careers on the sea. The class has also been given the salary earned by Captain Bosshardt last Sunday when he acted as pilot on the ferry Yerba Buena, which took 1500 excursionists from the port to Treasure Island.

Bosshardt is endeavoring to build up a fund for purchase of a ship larger than the Meta K, the motor-sailer at present being used as a training ship. The young mariners have made the Meta K available for short bay excursions, and also plan to cater at the clubhouse to organizations desiring to arrange parties there.

Two tons of legume hay or one ton of hay and three tons of ensilage will provide roughage for one cow during a Winter season.

Alaska authorities predict gold production this year will exceed $25,000,000.

Mineral Oil Used In New Mayonnaise

If the slim "little girl" fashions of this season have started you thinking about reducing — don't feel that you have to skip your lunch to achieve the figure you desire. Instead follow the "low-calory" menu way to more alluring curves and use Ide's Gayaise Mayonnaise, the new mineral oil type mayonnaise. Here's a luncheon menu which will easily satisfy the normal feminine appetite yet adds up to less than 300 calories:

1 cup consomme
Spring salad of ½ cup string beans
½ cup chopped celery
¼ head of lettuce
Ide's Gayaise (new mineral oil mayonnaise)
1 hard roll
Canned peaches (2 large halves, 3 tabsp juice)
1 Molasses cooky

When you use Ide's Gayaise Mayonnaise, you can use a generous amount without thought of extra pounds. It is rich and creamy yet is non-fattening because of its mineral oil base. Try Gayaise as a substitute for butter on thin toast.

Parkman Weed Bill Nears Enactment

Notice to abate "seasonal or recurring" weeds, which are noxious or otherwise dangerous, by county boards of supervisors will be the official order, providing Senate Bill 1013, introduced by Sen. Harry L. Parkman of San Mateo, is signed by the governor, he announced today.

Senator Parkman's bill passed both houses of the legislature without opposition.

The bill provides that once supervisors have declared any group of weeds to be in the classification affected by its provisions, there shall not have to be notices sent each year to abate them.

Should persons receiving abatement notices fail to act according to their provisions, the county shall then execute the abatement and the costs assessed upon the property from which the weeds are taken.

In the case of previously declared seasonal or recurring weeds, a post card notice will be all that is necessary to constitute due notice.

Don't wait for a tenant—find him through a Want Ad.

Event Planned For May 13th

With Saturday, May 13, set as the day for the Adult Center tour of San Mateo County, reservations for the all-day bus trip are now being received by the San Mateo Junior College office, Dr. Otis Allen Sharpe of Burlingame, Lock's Drug Store and A. S. Kalenborn of Redwood City, O. H. Olson and Mrs. A. W. Gale of Menlo Park, and Clive Saiz of Jefferson High School, Daly City.

Dr. Frank Stanger and Fred Klyver of the junior college faculty head the trip.

Last year 200 teachers took the trip. The popularity of the tour proved such that the general public asked for a similar trip this Spring. Scenes of historic events, old adobe buildings dating from Spanish-Mexican days, the origin and meaning of place names, and the natural vegetation of present and earlier times will be some of the subjects considered while en route. Stops will be made for outstanding historic and scenic spots, and a chicken dinner will be arranged for the lunch hour.

The plan this year is for everyone to travel by bus. With the trip starting from Redwood City, the group will visit Menlo Park, Searsville, Woodside, La Honda, Memorial Park, Pescadero, Pebble Beach, Pigeon Point, San Gregorio, Purissima, Half Moon Bay, and the famous old Ralston place in Belmont. The distance to be traveled will be about 100 miles.

Bus fare for the trip has been set by the school heads at $1 or lower, with the chicken dinner costing 60 cents. A bus will leave the Greyhound station in San Mateo at 9 a. m. that Saturday, going by way of El Camino Real to the station in Redwood City. The tour should be completed at Belmont about 4 o'clock, with the bus returning the passengers from that point.

The Nevada legislature has voted down a bill to establish a state lottery.

ZANY HANDED A JOLT

Free natural-color postal cards like this one R. C. Stewart, service station attendant, is presenting to an attractive customer will be issued throughout the 1939 Summer season by Union Oil Co. Printed on quality finish cardboard, the novel post cards picture the most noteworthy scenic, historical, and recreational places of interest to be seen on the Pacific Coast. Characterized as one of the finest merchandising programs ever to be undertaken by the company, the attractive cards were designed to stimulate interest in Western Sttaes highway travel. The cards are available at Union Oil stations.

Crowd Views Installation

With an overflow gathering of veterans and friends in attendance, the Saturday night meeting at the Redwood City Veterans' Hall served not only to install new officers of Corp. James Lindsay Wilson Post 2310, Veterans of Foreign Wars, and its auxiliary, but also to prove that enlargement of the hall is needed. The subject received considerable discussion, as a result.

Past Comm. Joe S. Farr installed the post officers, headed by C. E. Rudisill, and Past Pres. Lillian Lockhart installed the ladies' auxiliary officers, headed by Mrs. Mary Bolton. New post officers wore white carnations; the new auxiliary officers, gardenias with sweet peas.

The degree team of Fidelity Sterling Post 97, VFW, department champions who will compete again at the Hollywood encampment in June, was present to officiate.

Among speakers were County Manager Frederick Peterson, County Clerk William Augustus, Comm. A. B. Blakely of Redwood City Post 105, American Legion, and Dist. Comm. Mathew Beatcn, who spoke of the Eighth district meeting to be held in Redwood City next Sunday.

Refreshments and dancing followed the ceremonies.

MRS. LAPHAM'S MOTHER DIES

Death of Mrs. Isabella E. Abbott, mother of Mrs. Roger D. Lapham of Atherton, prominent Peninsula socialite, in Washington, Conn., was reported here Monday. Mrs. Abbott died last Friday at the age of 86.

Favorite catching mate of Jimmy Dykes, Chicago White Sox manager, at the Spring training camp at Pasadena is Yosh Kawano, 14-year-old Japanese lad.

'Cleanup' Planned Against Auto Dirt

Dramatically revealing that hidden dangers may lurk in vital car parts—due to the dirt, grit, grime, abrasive, sludge and small metal particles accumulated during a Winter of driving — and that light Winter oil does not properly protect working parts during hot Summer driving, the experts in charge of Mobilgas stations have again come forth with their semi-annual offer of free car inspection.

F. W. GIBBS

Benefiting from this Spring housecleaning plan, they say, will be thousands of motorists who think enough of their cars and the safety of themselves and their passengers to insist on a thorough checkup before entering the Spring and Summer touring season.

"No matter how well one's motor vehicle may be performing," it is explained by F. W. Gibbs, branch manager, for General Petroleum Corp., "the owner may be in for trouble unless he has it regularly examined, and unless lubricants are changed to recommended Summer grade, essential to protection and performance when high temperatures and pressures are developed in the motor and gear boxes, during warm weather driving.

"That's why our Mobilubrication experts offer Summerizing examinations this season of the year, just before heavy travel starts. Experience has proved that these checkups save time and money, avert mishaps, prevent delays and insure carefree, trouble-proof motoring.

Christopher Columbus' voyage of discovery to America cost only about $7000. He was paid about $320 for his discovery.

Protests Sought To Annexing Plan

Residents of the Friendly Acres subdivision who are opposed to annexing the tract to Redwood City have started the task of securing protests of property owners to be presented to the city council at the hearing set for June 5.

Mrs. H. L. Schafer, one of the oppositionists' leaders, said that owners who reside on the tract and owners who live elsewhere both would be contacted and protests secured from those so desiring. In addition, an effort will be made to show how many voters will oppose the annexation movement if it comes to a vote, Mrs. Schafer said.

The council set the hearing Monday night after hearing an hour of arguments on the annexing proposal.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"
No Money Down
Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.
(This offer applies to plate work)
These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

DENTAL PLATE
MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "Realistic" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.
PLATE REPAIRS
There's no need of buying a new plate when your old plate can be made to fit tight and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.
Dr. Campbell's FINEST Most Beautiful Dental Plates . . .
Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

Exclusive Club To Open at Fair

Welcoming members from New York to Honolulu, the Island Club, exclusive men's club on Treasure Island, will officially open its doors Saturday, according to its president, Roger D. Lapham of Atherton.

Carrying out the South Sea atmosphere with appropriate music, the club will stress comfort and relaxation rather than formality on the opening day, Lapham announced.

"Not a place of great social affairs, but rather dedicated to relaxation, cool drinks, fine food, and good fellowship in a tropical spirit, the Island Club will answer a long-felt need for men visitors to Treasure Island," Lapham said.

The club claims all the comforts men will desire—barber shop, locker-rooms, showers, steam bath, card room, lounge, well-equipped bar, and dining room.

The idea of the Island Club, according to its founders—who are mostly prominent Bay Region business and professional leaders—came as the result of an increasing demand for a place at the Golden Gate International Exposition where men could meet, dine, and relax.

Contrary to previous impressions, the president announced, membership fee to the Island Club will not increase before May 15.

"Memberships will definitely be closed, however, when we reach 3000," he said.

Temporary headquarters are at 401 Crocker Building, Phone Douglas 2616.

All paper money and stamps of the United States are manufactured by the Bureau of Engraving and Printing.

Shopping Service

100,000 ITEMS, not carried in the store, are brought to you *quickly* by our Catalog Order Service! You'll find everything on your shopping list in our catalogs! Our fast daily trucks will rush any catalog merchandise here for you.

PHONE YOUR ORDER if you are too busy to come to the store. Ask for Catalog Order Service. A trained clerk will take your complete order. You can have your goods sent direct to your home or to the store for you to pick up.

YOU'LL SAVE on everything you buy at Wards: Wards catalog prices are lower than the prices in any store in town! And, Catalog Order Service saves you postage and money-order fees, and up to ½ of the shipping cost.

WORTH LOOKING INTO . . .

THE 1939 ELECTRIC REFRIGERATOR

Inside Facts

1 *Faster Freezing*—ice in one-third the time and twice as much of it.

2 *Meat Safe*—A big covered compartment keeps a week's supply of meat fresh and juicy.

3 *Controlled Cold plus Humidity* puts an end to wilting, shrinking and changing color.

4 *Greater Storage Space* gives approximately forty per cent more refrigeration.

5 *Cuts Current Cost*—new economy units—80% of the time use no current at all.

By all means see the new 1939 Electric Refrigerators in featured display by electrical dealers everywhere. Look them over for the new beauty of design, finish and the many built-in conveniences. Learn the inside facts of how these newest refrigerators which provide more cold storage at lower cost, produce greater food savings than ever before.

More ice is produced faster. A generous sized meat safe holds a week's supply. Big handy-to-use vegetable and fruit crispers keep perishables in garden freshness without drying out. Controlled Cold and High Humidity is a mechanical improvement on this year's electric refrigerators that assures near-perfect cold storage.

Save money with a new 1939 Electric Refrigerator. Prices are lower this year. There is greater value in every model. It will pay you to see your electric dealer today.
